Boulevard Bioswales
Plant Palettes

Palette ‘A’  A low-input, fescue grass mix with small flowers that provide excellent forage for bees and other pollinators. Requires very little water, fertilizer and maintenance (mowing). Grass will grow to 6” and flop over. Flowers grow up to 12” tall and can be mowed to 3”. Full sun to part shade.

Palette ‘B’  A low-input grass lawn alternative. Requires very little water, fertilizer and maintenance (mowing). Mixture of creeping and clump-forming fescues for a lush green carpet of grass. Grass will grow to 6” and flop over. Full sun to full shade.

Palette ‘C’  Prairie plantings for a dry and sunny site. Flowers will grow up to 30” in height, and grass up to 24”.

Low Mow Fine Fescue
Self Heal
Prunella vulgaris
Creeping Thyme
Thymus serpyllum
Dutch White Clover
Trifolium repens
Palette ‘D’  
Pairie plantings for a dry and partially shaded site. Flowers and grasses will grow up to 24” tall.

Palette ‘E’  
A trio of plants for a partially to fully-shaded site. Will do well under a tree canopy in mesic soil conditions. All plants will be 6-12” tall.

Palette ‘F’  
Low maintenance, pollinator-friendly ground cover for a fully-shaded site. Will do well under a tree canopy in mesic soil. Canada anemone will reach 24”.
